

TAKE CARE OF YOUR

SEPTIC

SYSTEM

AND IT WILL TAKE CARE OF YOU

Check for signs of system failure:

- **Slowly draining sinks and toilets**
- **Gurgling sounds or backups in the plumbing**
 - **Sewage odors**
- **Areas in the yard that remain wet during dry times**
 - **Patches of excessive grass or plant growth**

If you see signs of failure, schedule an inspection and repairs immediately.

For questions about your system or for a list of licensed professionals, contact the Kerr County Environmental Health Department
(830) 896-9020.

Brought to you by the UGRA Bacteria Reduction Plan in partnership with Kerr County.
Financed through grants from the Environmental Protection Agency through
the Texas Commission on Environmental Quality.
